THAKUR VIDYA MANDIR HIGH SCHOOL & JR.COLLEGE

III Terminal Exam. 2016- 2017

Subject: English.

Name: \_\_\_\_\_ STD: IX Div: \_\_\_\_\_ Roll No:  
\_\_\_\_\_

Marks: 80  
45mins.

Date: 01/04/2017

Time:2hrs

**SECTION I- PROSE - (Reading Skills, Vocabulary and Grammar)**

**Q1 A. Read the following passage and do the activities: - (10)**

**A1.** Fill in the blanks with correct words from the passage :-  
(2)

i) As \_\_\_\_\_ India continued their dominance in Kabbadi.

ii) \_\_\_\_\_ was equally spectacular as he raided the \_\_\_\_\_ side with success to gain valuable points  
for India.

iii) \_\_\_\_\_ went into the break at 21-14 although they should have led by much more.

As expected India continued their dominance in Kabaddi and clinched their fifth consecutive gold in the Asian Games, when they defeated Pakistan 35-23 in the final at the Aspire Hall yesterday.

The Kumars, Rakesh and Naveen, played a stellar role in the victory with brilliant tactics. Rakesh displayed his skills as an acrobatic and quick raider as he foxed the Pakistani defenders on numerous occasions, much to the delight of the Indians supporters who had gathered in huge numbers anticipating a gold winning effort from their team.

Naveen was equally spectacular as he raided the Pakistan side with success to gain valuable points for India. Though Pakistan fought back with defender Wasim Sajjad, who tried his best to bring his team back into the game, it was to no avail as the Indians stamped their authority on the match.

India went into the break at 21-14, although they should have led by much more. Pakistan unable to penetrate the Indian defence were quite content to rely on the bonus points as they took six bonus points to India's three in the first half.

**A2. i)** Between which two countries was the above match played?

(1)

ii) Who played a stellar role in India's victory in the Asian Games?

(1)

**A3. 1)** Write the words from the passage that mean the following.

(1)

a) tricked someone-

b) full control-

2) Write the noun form of :-

(1)

a) anticipating-

b) winning-

**A4. Grammar**

(2)

i) India continued their dominance. (Rewrite the sentence beginning with Didn't India-----)

ii) The victory is something special (Rewrite beginning with 'How' special-----)

**A5.** What do you have to say about India's performance in the above kabaddi match?

(2)

**Q1. B. Read the following passage and do the activities:**

**(10)**

**B1** Choose the correct alternative and complete the following sentences.

(2)

a) Roy had won a \_\_\_\_\_ in a pool tournament.

i) guinea pig;                      ii) Zither                      iii) paw; iv) tick.

b) The family had once owned a pet \_\_\_\_\_.

i) Zither ;                      ii) guinea pig ;                      iii) paw ;                      iv) pup

c) The cop said the windows was locked on the inside as tight as a \_\_\_\_\_.

i) tick ;                      ii) zither ;                      iii) paw ;                      iv) drawer

d) The cop named Roy strummed the zither with a big \_\_\_\_\_.

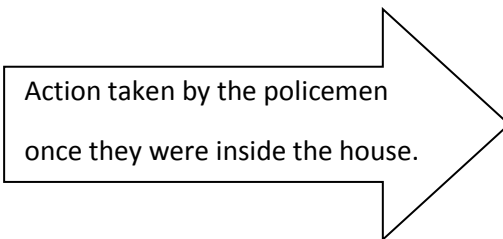

i) guinea pig;                      ii) zither ;                      iii) paw ;                      iv) shelf.

The officer in charge reported to mother. 'No sign of nobody, lady.' he said. 'Musta got away-whatt'd he look like?' 'There were two or three of them, 'mother said, 'Whooping and carrying on slamming doors.' 'Funny,' said the cop. 'All ya windows and doors was locked on the inside tight as a tick.'

Downstairs, we could hear the tromping of the other police. Police were all over the place; doors were yanked open, drawers were yanked open, windows were shot up and pulled down, furniture fell with dull thumps. A half-dozen policeman emerged out of the darkness of the front hallway upstairs. They began to ransack the floor; pulled beds away from walls, tore clothes off hooks in the closets, pulled suitcase and boxes off shelves. One of them found an old zither that Roy had won in a pool tournament. 'Looky here, Joe,' he said, strumming-it with a big paw. The cop named Joe took it and turned it over. 'What is it?' he asked me. 'It's an old zither our guinea pig used to sleep on,' I said. It was true that a pet guinea pig we once had would never sleep anywhere except on the zither, but I should never have said so. Joe and the other cop looked at me a long time. they put the zither back on a shelf.

**B2** i) Complete the following sentences with words given in the passage.

(2)

- i) They yanked open \_\_\_\_\_.
- ii) They \_\_\_\_\_ windows.
- iii) They \_\_\_\_\_ the floor
- iv) They \_\_\_\_\_ beds away from walls.

**B3** i) Write the simple meanings of the words given in a slang way.

(1)

Slang words	Simple meanings.
a) must a	_____
b) Looky here	_____

ii) Who said the following to whom.

(1)

a) "No sign of nobody lady".

**B4**. Grammar

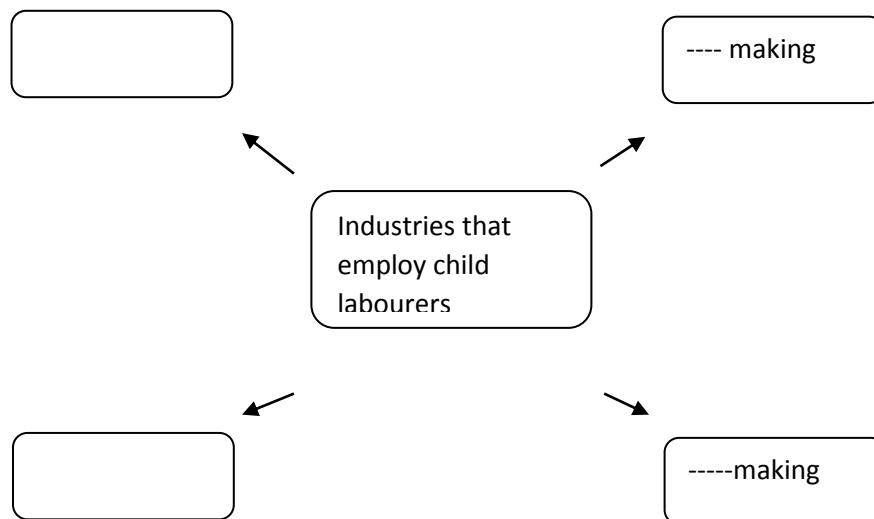

i) Doors were yanked open. (Rewrite beginning with 'They \_\_\_\_\_')  
(1)

ii) The officer in charge reported to mother. (Write the part of Speech of the underlined word).  
(1)

**B5.** If this incident had taken place in your family, how would you have tackled it?  
(2)

**Q2A. Read the following Passage and do the activities:** (10)

**A1.** Complete the following web..  
(2)

Children work as bonded labourers whether it is in industries manufacturing bidis, matchsticks, bricks or firecrackers. Already, a large number of children have met an early death following mishaps in the manufacture of firecrackers.

Recently, it was reported that children working in a firework factory at Sivakasi in Tamil Nadu were charred to death. Those who survived have not been able to recover completely. In yet another incident in Delhi, at least

four children died in a bizarre incident when a rag picker lit a bunch of polythene packets which had been used for carrying cyanide.

In the coal mines Rymbai in Meghalaya, children work in sub-human conditions. Dozens of them die every year due to suffocation and respiratory ailments.

Meanwhile, in the Rohtak tragedy, those who were killed were in fact bonded labourers. They used to be locked inside the factory gates and forced to work for little or no wages. However, the owner of the factory who has perpetrated these inhuman atrocities was charged with a minor bailable offence-causing death due to negligence.

**A2.** a) Match the words in Column 'A' with meanings in Columns 'B'  
(1)

<b>A</b>	<b>B</b>
a) bonded	i) very strange
b) charred	ii) committed (a crime)
c) bizarre	iii) enslaved
d) perpetrated.	iv) burnt

b) What is the above passage about?  
(1)

**A3.i)** Frame a meaningful sentence of your own using the following. (1)

a) 'ailments'.

ii) Write the adjective forms of . (1)

a) industries.

b) children.

**A4.** Grammar :-  
(2)

i) Four children died in a bizarre accident. (Rewrite the sentence using the Past Perfect Tense)

ii) Dozens of them die every year. (Add a Question tag)

**A5.** What is your opinion about 'child labour'. Write your views in about 2 or 3 lines.  
(2)

**Q2 B.** Read the following passage and do the activities. (10)

**B1) State whether the following statements are True or False :-**  
(2)

- a) The man's garden was already well looked after..
- b) The man's gardener took pains to beautify his garden.
- c) The neighbour was jealous of the man's garden.
- d) The man had only beautiful flowers, no fruit trees in his garden.

A man bought a house in a certain neighbourhood. He spent a lot of money, furnished it well and kept a well-looked after garden. The garden even had fruit trees in it. Next door lived his neighbour, a lonely, miserly man who would consider beautifying his place as a waste of hard-earned money. Every day he would look out of the window and see his garden getting beautiful day by day. The neighbour was jealous of him and kept doing all sorts of things to annoy the man.

One day the neighbour kept a bucket of slops, in the beautiful garden. The man threw the slops, washed it well and filled some big, juicy apples from his trees. He held out the bucket of apples before the neighbour and quietly walked away. The neighbour was left bereft of words by this act of kindness.

**B2. i) What did the man buy in the neighbourhood?**  
(1)

ii) What did the neighbour do to annoy the man? (1)

**B3.a) Match the words in column 'A' with their proper meanings in Column 'B'**  
(2)

A	B
a) furnish	i) left overs
b) bereft	ii) solitary
c) slops	iii) decorate
d) lonely	iv) speechless

**B4. Grammar** (2)

a) One day the neighbour kept a bucket of slops in the beautiful garden. (Frame a 'wh' question to get the underlined part as your answer)

b) The man threw the slops washed it bucket well and filled it with some juicy apples.  
(Rewrite the sentence using not only -----but also)

**B5. What do you think, must have been the feelings of the neighbour when he saw the bucket full of apples? (2)**

**SECTION II: Poem**

**Q3 A. Read the following poem and do the activities:** (5)

**A1.** Complete the following lines.

(2)

- i) But nobody told anybody \_\_\_\_\_.
- ii) Everybody was complaning \_\_\_\_\_.

But nobody told anybody that are aware of  
That he would be in charge of seeing it was taken care of,  
And nobody took it on himself to follow through,  
And do what everybody thought that somebody would do.

When what everybody needed so did not get done at all,  
Everybody was complaining that somebody dropped the ball.  
Anybody then could see it was an awful crying shame,  
And everybody looked around for somebody to blame.

Somebody should have done the job  
And Everybody should have,  
But in the end Nobody did  
What Anybody could have.

**A2.** What was an awfully crying shame and why? (2)

**A3.** Name and explain the figure of speech: (1)

- i) Somebody should have done the job

And Everybody should have.

**Q3B Read the following extract of the poem and do the activities: - (5)**

**B1. Write four complaints, the children like to do always, as mentioned in the following extract. (2)**

I always so enjoy to dine  
With whining, little brats;  
Who won't eat half you give them,  
they're persnickety as cats.

The soup's too hot, the corns too cold,  
The pickles make them choke;  
They won't eat meat nor apple sauce,  
And naught they'll drink but coke.

They won't eat peas, don't like your bread  
For something in it crunches;  
They gag on fat, the gravy's gross,  
They won't eat grapes in bunches.

**B2. What has the poet in the above extract compared the children to be? Why? (2)**

**B3. Write the rhyme scheme of the last stanza. (1)**

#### **SECTION --III Rapid Reader**

**Q4. Read the following passages and do the activities. (5)**

**A.1. Answer in one/two words. (2)**

a) When was the Sports Day celebrated?

b) Two events which were common in Tomoe sports as other elementary. Schools.

Tomoe's Sports Day was held every year on the third of November. The headmaster had decided on that day after a lot of research, in which he found out that the third of November was the autumn day on which it had rained the fewest times. Perhaps it was due to his skill in collecting weather data, perhaps it was just that the sun and clouds heeded his desire-that no rain should mar the Sports Day so anticipated by children, who had decorated the school grounds the day before and made all sorts of preparation. Whatever it was, it was, almost uncanny the way it never rained on the day.

As all kinds of things were done differently at Tomoe, its Sports Day, too, was unique. The only sports events that were the same as other elementary schools were the Tug of War and the three-Legged Race. All the rest had been invented by the headmaster. Requiring no special or elaborate equipment, they made use of familiar everyday school things.

**A.2.** By whom were the events invented? Explain.

(2)

**A.3.** What was taken into consideration by the headmaster when deciding the date for Sports Day?

(1)

#### **SECTION- IV: Writing Skills**

**Q5 A Letter Writing:** (Informal/Formal)

(5)

**A1.** You have noticed your younger brother neglecting his studies, since many days. Write a letter to him advising and scolding him/ for the same.

**OR**

**A2.** Your school is planning to take the students to Kerala. As a class representative write a letter to the manager, Youth hostel, Thiruvananthapuram, Kerala requesting him to provide accommodation to your group. You can use the following hints.: i) 4days stay : ii) Diwali vacation : iii) 150 students, 4 teachers : iv) Cost of the stay : v) Availability of rooms : vi) Sights to visits

**Q5 B.1 Report writing/ Interview Writing:  
(5)**

**B1.** A Survey has shown that the percentage of child labour in our country has gone up. As a reporter of 'The Times of India'. Write a report of about 20 lines on the measures adopted to detect and eradicate such cases.

**OR**

**B2.** It has been noticed that nowadays youngsters find it too difficult to choose their career. They are faced with many options in various fields. Frame ten questions that you would like to ask an Expert Career Guidance Counsellor regarding the same.

**Q6 A.1 Read the following information given and transfer it into a Tabular form (5)**

The original materials from which soil has formed through long ages are the rocks of the earth's crust. There are three kinds of rocks, made in three different ways. Igneous rocks which were made when the molten materials of which the earth consisted long ago became cooler and solidified are one of these. Granite is an example of igneous rock. Another kind of rock is Sedimentary rock, formed when rivers brought down small pieces of material with them as they flowed into the sea. The matter which they brought down with them fell to the bottom of the sea. and this sediment was slowly pressed and cemented together by other substances into rock. Shale, limestone, and chalk are sedimentary rocks. The third kind of rock is Metamorphic rock. This was formed, for instance, when the lava thrown out by volcanoes affected the material over which it flowed. The heat changed the surface underneath and produced different kinds of rocks, of which slate and marble are two examples.

Type of Rocks	Formed By.	Examples.

**OR**

**A2.** Prepare a fact file for a hill station of your choice. Use the guidelines given below.

a) location ; b) modes of transport; c) Uniqueness ; d) What to see; c) any other information of your choice.

**6B.1** You are a student of std IX. You have almost completed this stage and on the verge of reaching std X. Write a speech on how you intend to succeed and excel in the upcoming. Board Exams. You may use the following hints. **(5)**

- i) Proper planning
- ii) Avoid mistakes of past.
- iii) Prayer.
- iv) Guidance.
- v) Self discipline.
- vi) Any other points.

**OR**

**B2.** Write a Counterview for the topic 'Our Elderly are the real Torch Bearers'.

**View**

They have experienced life and show us the pitfalls. They teach us values. We should love and respect our senior citizens. They can guide us in solving our

**Q7 A Expand the following :(Any one)**

**(5)**

- a) Pride goes before a fall.
- b) To err is human, to forgive is divine.
- c) Service to man is service to God.

**OR**

**A.2.** Develop a story where in anyone of the above is the moral of the story. Give it a suitable title.

Time:2hrs.

**I.A. Fill in the blanks:-**

**(3)**

1. The first sugar factory in Maharashtra was set up at \_\_\_\_\_ in 1920.
2. The \_\_\_\_\_ range is considered as the world's highest mountain range.
3. The arrow on the map indicates the \_\_\_\_\_ direction

**I.B. Match the following:**

**(3)**

**A**

- 1)Coastal region
- 2)Tertiary occupation
- 3)Chandigarh

**B**

- a)Transport
- b)Capital of Punjab& Haryana
- c)Mangrove forest
- d) National Park

**II.A. Give reasons for the following statements:- (Any 2)**

**(4)**

1. Farmers in the Rajasthan desert depend on animal husbandry.
2. Most of the sugar factories are set up in the vicinity of the sugar cane producing areas.
3. Inland waterways of Maharashtra are not well developed.

**II.B. Write short notes on:- (Any 2)**

**(4)**

- 1.Wheat production in Maharashtra.
2. The objectives of the Maharashtra Industrial Development Corporation (M.I.D.C).

3. Soils in Punjab- Haryana Plain.

**III.A. Answer the following questions in short. (Any 1)  
(2)**

1. What do you understand by secondary occupations?
2. What is a map?

**III.B. Mark & name the following on the outline map of India with suitable index.( Any 2) (2)**

1. Western Himalayas.
2. Lakshadweep.
3. Purvanchal.

**III.C. Observe the map given below and answer the questions that follow. (Any 2) (2)**

- 1) What is Unhavare famous for?
- 2) Name the hill station in Satara district.
- 3) Name the places of tourist interest in Jalgaon district.

**IV. Answer the following questions in detail. (Any 02) :-  
(8)**

1. Discuss the characteristics of the Himalayas.
2. What are the causes of migration of population? Explain the effects of it.
3. Discuss the advantages and limitations of roads.

**ECONOMICS**

**QV. Fill in the blanks.  
(2)**

1. \_\_\_\_\_ gave the 'Welfare-oriented' definition of economics.
2. Baluta system consisted of \_\_\_\_\_ balutedars.

**Q.VI. Answer the following in 1-2 sentences .(any 03)  
(6)**

1. What was the nature of human wants in the pre-historic periods?
2. What is meant by courier?
3. What is demand?
4. What is personal income?

**QVII. Answer the following questions in detail .(Any 01)  
(04)**

1. Explain various types of Economy.
2. Name the various types of family budget. Explain them.

**(3)**

1) The period in which the skill of writing was unknown & historical events were not available in written form, is called as \_\_\_\_\_ period.

(ancient, prehistoric, palaeolithic)

2) A large number of \_\_\_\_\_ researches were carried out in Physics and Chemistry. (scientific, fundamental, magnetism)

3) \_\_\_\_\_ dynasty of Caliph Arabs expanded their empire upto Samarkand in the east.

(Abu Bakr, Umayyid, Usman)

**QI B) Match the column: -**

**(3)**

A

B

1) Rousseau

1) Satirical writings

2) Robespierre

2) Representative of Third Estate.

3) Mirabeau

3) The prophet of French Revolution

4) Massacre of innocent revolutionaries

**QII Answer in 25- 30 words each.(any 2)**

**(4)**

1) Give the meaning of the word 'imperialism' and write the definition

2) Write about the contribution of Shakespeare to literature.

3) The French revolution is regarded as a significant event.

**QIII) Give Reason in 25- 30 words each .(any 2)**

**(4)**

1) The Travelogue written by Stanley, created curiosity among the Europeans about Africa.

2) An International trade movement began in Europe.

3) There was a decline in the faith of the common man in the Church.

**QIV) Answer in 40-50 words each. (any 2)**

**(6)**

- 1) Why did Austria announce the war against Serbia?
- 2) State the importance of the Renaissance.
- 3) Write about the 'Eight fold path' preached by Buddha.

**QV) Answer in 60-80 words (any 2)**

**(8)**

- 1) Explain the movement of 'Division of Bengal'.
- 2) Write about the Declaration of Human Rights.
- 3) State the commands of Islam.

**POLITICAL SCIENCE**

**QVI) Fill in the blanks**

**(3)**

- 1) ' \_\_\_\_\_ and justice for all of us' is motto of the Universal Declaration of Human Rights. (Status, Equality, Dignity)
- 2) To maintain and \_\_\_\_\_ power is the main aim of the political parties. (rule, capture, grab)
- 3) To \_\_\_\_\_ the constitution, the Constituent Assembly appointed 22 committees. (draft, propose, formulate).

**QVII) Answer in one sentence each.(any 3)**

**(3)**

- 1) When is referendum adopted?
- 2) Why do groups emerge?
- 3) State any two party systems.
- 4) Who was the President of the constituent Assembly?
- 5) What does government agree while granting rights?

**QVIII) State True Or False with reason .(any 2)**

**(4)**

- 1) People who share common political opinion form political party.
- 2) India does not have an official religion.
- 3) Evaluation of the government is possible through the study of politics.

**IX) Answer in 25-30 words each .(any 1)**

**(2)**

- 1) Write a short note on Communist party of India.

2) State the significance of the Preamble.

**Q.1. Attempt the following (any 5).**

**[5]**

- 1) In  $\Delta ABC$  Seg  $AB \cong$  Seg  $AC$  and  $\angle A = 80^\circ$  then find  $\angle B$
- 2) Using Euler's formula, find  $V$ , if  $E = 30$  and  $F = 12$ .
- 3) In  $\Delta ABC$ , points  $P$  &  $Q$  are the midpoints of sides  $AB$  and  $AC$  respectively and  $PQ = 20\text{cm}$ , Find  $BC$ .

- 4) Find the co-ordinates of the midpoint  $P$  of Seg  $AB$  if  $A \equiv (4, 6)$ ,  $B \equiv (-4, 6)$
- 5) Draw line  $l$  and take any point  $P$  on it Draw line  $m$  perpendicular to the line  $l$  at point  $P$ .
- 6) If  $\sin \theta = \frac{4}{5}$  and  $\cot \theta = \frac{3}{4}$ , find  $\cos \theta$ .

**Q.2. Attempt the following. (Any 4)**

**[8]**

- 1) Draw a circle of radius 2.6cm. Draw a tangent to the circle from any point on the circle.

- 2) Find the length of the arc of the circle of radius 4.2cm with area of the sector  $18.48\text{cm}^2$
- 3) In the figure, radius of the circle is 20cm and chord AB is 32cm. Find distance PM.

- 4) Find the value of  $2\tan^2 45^\circ + \cos^2 30^\circ - \sin^2 60^\circ$
- 5) If the angle  $\theta = -45^\circ$ , find the value of  $\sin \theta$  and  $\cos \theta$ .

**Q.3. Attempt the following. (Any 3)**  
[9]

- 1) In the figure,  $m\angle ABC = m\angle CDE = 90^\circ$   
 Seg AC  $\cong$  Seg CE,  
 Seg BC  $\cong$  Seg ED  
 Show that  $m\angle ACE = 90^\circ$

- 2) Construct a right angled triangle PQR where  $PQ = 6\text{cm}$ ,  $\angle QPR = 40^\circ$ ,  $\angle PQR = 90^\circ$ . Draw circumcircle of  $\Delta PQR$ .
- 3) Prove that- 'The Segment joining midpoint of a Chord and the centre of a circle is perpendicular to the chord.'
- 4) If  $\sec \theta = \frac{2}{\sqrt{3}}$ , then find the value of  $\frac{1 - \text{Cosec} \theta}{1 + \text{Cosec} \theta}$ , where  $\theta$  is in IV quadrant.

**Q.4. Attempt the following. (Any 2)**

[8]

- 1) Prove that- Two right angled triangles are congruent if the hypotenuse and a side of one triangle are congruent to the hypotenuse and corresponding sides of other triangle.
- 2) If  $\sin \theta = \frac{45}{53}$ , find the value of  $\text{cosec}^2 \theta - \cot^2 \theta$
- 3) A tree is broken by the wind. The top struck the ground at an angle of  $30^\circ$  and at a distance of 30m from the root. Find the whole height of the tree. ( $\sqrt{3} = 1.73$ )

**Q.5. Attempt the following (Any 2).**

**[10]**

- 1) Calculate the area of the shaded region. In the figure,  $\square ABCD$  is a square with side 8cm each.

- 2)  $\square ABCD$  is a kite in which diagonal  $BD$  bisects diagonal  $AC$  in point  $O$ .  $m\angle OBC = 20^\circ$  and  $m\angle OCD = 40^\circ$   
find i)  $m\angle ABC$  ii)  $m\angle ADC$  iii)  $m\angle BAD$ .
- 3) The line segment  $AB$  is divided at  $P \equiv (1,1)$  internally in the ratio  $5:2$  and co-ordinates of point  $B \equiv (-1,-1)$ . Find the co-ordinates of point  $A$ .

**All the Best**

**III Terminal Exam 2016-2017**

Std. : **IX**

Sub. : **General Math II**

Marks : **40**

Date : 10/04/2017

Time : 2 hrs.

**Q.1. Attempt the following (any 5).**

[5]

- 7) In  $\Delta ABC$ ,  $m\angle A = x, m\angle B = 2x, m\angle C = 3x$ , find the value of  $x$ .
- 8) Find the total surface area of cube with side 7cm.
- 9) Draw  $\angle PQR = 70^\circ$  and bisect it.
- 10) Find the length of largest Chord of the circle of radius 7cm.
- 11) If  $\cos \theta = \frac{7}{9}$  then find  $\sec \theta$ .
- 12) Find the modal value for the following data.  
50, 70, 50, 80, 70, 70, 70, 80

**Q.2. Attempt the following. (Any 4)**

[8]

- 6) Point G is the centroid of  $\Delta LMN$ .  
If  $LG = 14\text{cm}$ , find  $GQ$ .

- 7) The radius of a sphere is 14cm. Find total surface area of a sphere.
- 8) Draw a line  $l$  and take a point M outside line  $l$ . Draw a perpendicular from the point M to the line  $l$ .
- 9) Draw a tangent at any point R on the circle of radius 3.4cm and centre P.
- 10) Radius of a circle with centre O is 8cm. Points A and B are such that  $AO = 6\text{cm}$  and  $BO = 10\text{cm}$ . State which of the points A and B is in the interior and exterior of the circle.

**Q.3. Attempt the following. (Any 3)**

[9]

- 5) Find the total cost of white washing the 4 walls of a cuboidal room at the rate of ₹ 15 per  $\text{m}^2$ . The internal measures of the cuboidal room are length 10m, breadth 4m and height 4m.

- 6) Draw the circumcircle of an equilateral  $\Delta XYZ$  with side 6.3cm.
- 7) In the rectangle PQRS, PQ = 6cm, PR = 7cm. Construct rectangle PQRS.
- 8) In  $\Delta ABC$ ,  $m \angle ABC = 90^\circ$ . AB = 3cm, BC = 4cm, AC = 5cm, find all trigonometric ratios of  $\angle A$ .

**Q.4. Attempt the following. (Any 2)**

[8]

- 4) In the figure,  $\angle ABD$  in an exterior angle of  $\Delta ABC$ , then find the largest and the shortest side of  $\Delta ABC$ .

- 5) In the figure,  $\square ABCD$  and  $\square MNPC$  are parallelogram,  $\angle A = 110^\circ$ . Find the measures of all the angles of parallelogram MNPC.

- 3) The following data gives the weights (in kg) of 40 students in a class. Prepare a cumulative frequency distribution table, taking class intervals 20-25, 25-30, 30-35,....
- 37, 38, 31, 34, 32, 41, 27, 22, 23, 34, 21, 30, 41, 27, 28, 24, 40, 33, 31, 38, 39, 36, 37, 32, 30, 25, 28, 28, 34, 21, 28, 27, 29, 33, 38, 34, 38, 40, 37, 23.

**Q.5. Attempt the following (Any 2).**  
[10]

- 4) In  $\Delta ABC$  AB = AC,  $\angle B = 2(x + 5)^\circ$  and  $\angle C = 80^\circ$ .

Find the value of  $x$ . and  $m\angle A$  and also find the smallest and greatest side of  $\triangle ABC$ .

- 5) Diagonal AC of a rhombus ABCD is equal to its side. Find all the angles of the rhombus.
- 6) Find the median of the following data.

No of flowers on the branch( $x_1$ )	1	2	3	4	5
No of days ( $f_i$ )	5	6	11	3	3

### **All the Best**

<i>Thakur Educational Trust's (Regd.)</i>		
Thakur Vidya Mandir High School & Junior College		
<b><u>III Terminal Exam 2016-2017</u></b>		
Std. : <b>IX</b>	Sub. : <b>Algebra</b>	Marks :
<b>40</b>		
Date : 11/04/2017		Time : 2
hrs.		

**Q.1. Attempt any 5 sub-questions from the following.**

**[5]**

- 13) Let A and B be two sets such that  $n(A) = 5$ ,  $n(A \cup B) = 9$ ,  $n(A \cap B) = 2$ . Find  $n(B)$ .
- 14) Simplify  $(3xy^2 + 4x^2)(xy - 3x^2)$
- 15) For a certain frequency distribution, median=156, mode=180 obtain value of mean.
- 16) Write following quadratic equation in standard form  $ax^2 + bx + c = 0$   
 $(m + 4)(m - 10) = 0$
- 17) Point (2,4), (-1,-2) and (3,6) lie on a line write the equation of that line.
- 18) Classify the following sets as finite or infinite.  
 (i)  $B = \{y | y \text{ is a factor of } 13\}$       (ii)  $D = \{x | x = 2^n, n \in \mathbb{N}\}$

**Q.2. Attempt any 4 sub-questions from the following..**

**[8]**

- 11) Draw a Venn diagram, showing the subset relations of following sets.  
 $A = \{2, 4\}$ ,  $B = \{x | x = 2^n, n < 5, n \in \mathbb{N}\}$   
 $C = \{x | x \text{ is an even natural number } \leq 16\}$
- 12) Find the product.  $\sqrt[3]{3} \times \sqrt{3} \times \sqrt[3]{3}$ .

13) In a group of students, 50 students passed in English, 60 students passed in Mathematics and 40 students passed in both the subjects. Find the number of students who passed either in English or in Mathematics.

14) Factorize :  $x(2x + 3) = 35$

15) The Value of the polynomial  $ay^2 + 2y - 6$ . for  $y = -3$  is 15. Find  $a$ .

**Q.3. Attempt any 3 sub-questions from the following.**

[9]

1. Find the quadratic polynomial, the sum and product of whose zeroes are -11 and 10 respectively.
2. Solve the following simultaneous equation  $0.9x + 0.5y = 6$  ;  $0.7x + 0.7y = 5.6$
3. Solve the following quadratic equation by using formula method  $(2x^2 + x - 4) = 0$ .
4. Solve the following simultaneous equations.  
using Cramer's rule.  $x + 2y + 4 = 0$ ,  $3x = -4y - 6$ .

**Q.4. Attempt any 2 sub-questions from the following.**

[8]

6) Solve the following quadratic equation by completing square method.  
 $4p^2 + 7 = 12p$ .

7) Below is given frequency distribution of 'Daily Wages' in ₹ of 130 workers.

Daily Wages in ₹	85-84	85-89	90-94	95-99	100-104	105-109
Number of Workers	10	20	25	40	30	05

Find 'Modal Wage' of a worker.

8) Write the nature of the graph of the following equations.

(i)  $y = 3$  (ii)  $y + 4 = 0$

(iii)  $x = 4$  (iv)  $x + 2 = 0$ .

**Q.5. Solve any 2 sub-questions from the following.**

[10]

7) Rationalize the denominator  $\frac{1}{\sqrt{3}-\sqrt{2}-1}$

8) The area of a rectangle gets reduced by 9 sq. units if its length is reduced by 5 units and the breadth is increased by 3 units. If we increase the length by 3 units and breadth by 2 units the area is increased by 67 sq. units. Find the length and breadth of a rectangle.

9) If  $\frac{x}{b+c-a} = \frac{y}{c+a-b} = \frac{z}{a+b-c}$ , then show that  $x(b-c) + y(c-a) + z(a-b) = 0$

$b + c - a \quad c + a - b \quad a + b - c$

Marks :

Date : 11/04/2017  
hrs.

Time : 2

**Q.1. Attempt any 5 sub-questions from the following.**

**[5]**

- 19) Simplify using laws of indices  $8^3 \times 8^4$
- 20) Find profit or loss if CP = ₹ 59, SP = ₹ 80 and other charges = ₹ 10.
- 21) Multiply the algebraic expression.  $9p; 10p-4q$
- 22) Check whether given equation is quadratic equation.  $x^2 + \frac{2}{x} + 10 = 0$ .
- 23) Calculate the simple interest for the principle of ₹ 5,000 at the rate of 10p.c.p.a for three years.
- 24) Write the given quadratic equation in the form  $ax^2 + bx + c = 0$   
 $-4y+3= y^2$

**Q.2. Attempt any 4 sub-questions from the following.**

**[8]**

- 16) Solve the given equation.  $\frac{x}{7} + \frac{x-4}{3} = 2$
- 17) Determine whether  $x = 5$  and  $y = 3$  is the solution of the equation  
 $2x + 5y = 25$ .
- 18) Solve the given quadratic equation by factorization method  $b^2 + 2b - 35 = 0$
- 19) Find square root of the given number by division method upto two decimals  
59.03
- 20) Out of 80,000 adults of Babulgaon village, 76,800 adults are literate. Find the percentage of literate adults.

**Q.3. Attempt any 3 sub-questions from the following.**

**[9]**

1. If  $\frac{7a+2b}{7a-2b} = \frac{91}{63}$  then find the value of  $\frac{a}{b}$
2. Prathmesh invested ₹ 50,000 at the rate of 9p.c.p.a. in a two year fixed deposit,  
in a bank. How much amount did he get at the end of two years.
3. Solve the given quadratic equation by completing square method  
 $5y^2 - 4y - 1 = 0$
4. Solve the given simultaneous equation by using equating the Coefficient method

$$3x + 2y = 29; 5x - y = 18$$

**Q.4. Attempt any 2 sub-questions from the following.**

**[8]**

- 9) Length of a rectangle is 5cm more than thrice its breadth. If the perimeter of the rectangle is 58cm, Find its length and breadth.
- 10) For earning 13% profit a notebook is sold for ₹ 56.50, find the cost price of the note book.
- 11) If  $\frac{p}{2q+r} = \frac{q}{2r+p} = \frac{r}{2p+q}$  and if  $p + q + r \neq 0$  then show that each ratio =  $\frac{1}{3}$

**Q.5. Attempt any 2 Sub-questions from the following.**

**[10]**

- 10) If  $64m^2 - 96mn + 36n^2 = 4p^2$  then find  $p$ .
- 11) Sangita wants to borrow ₹ 7,000 at the rate of 14% what is the difference between the amount she has to pay by simple interest and by compound interest at the end of two years.
- 12) A rectangle whose length is 4m more than its breadth has an area of 45sq.m. Find the breadth and length of the rectangle.

*Thakur Educational Trust's (Regd)*

THAKUR VIDYA MANDIR HIGH SCHOOL & JR.COLLEGE

III Terminal Exam 2017- 2018

Subject: Physical & Health Education.

Name: \_\_\_\_\_ STD: IX Div: \_\_\_\_\_ Roll No: \_\_\_\_\_

Marks: 80

Date: 30/03/2017

Time: 2hrs. 30 min.

**QI. A.) Fill in the blanks with the appropriate words given in the brackets and complete the following sentences:(start, the approach-run, runaway, Mother) (5)**

- 1) Sportsmanship is defined as being fair \_\_\_\_\_ and generous towards fellow competitors.  
a) polite and honest b) name c) discriminate d) sportsmanship
- 2) Sports gives an individual \_\_\_\_\_ and respect in society.

a) fame and name b) recreation c) competition d) discriminate

3) Sports is the best form of \_\_\_\_\_

a) Nationality b) Name and Fame c) Champion d) Sportsmanship

4) Due to lack of \_\_\_\_\_ we often see fights on the fields.

a) Polite b) Recreation c) Champion d) Sportsmanship

5) Sports teach you not to \_\_\_\_\_ on the basis of sex, caste, and nationality.

a) discriminates b) honest c) polite d) Sportsmanship

**B) Match the Following: -**

**(5)**

A

B

1) Sprints

a) Baton-exchange.

2) Relays

b) The clearance

3) Long jump

c) stop- board

4) High-jump

d) starting blocks

5) Shot-put

e) Take-off board.

**C) State Whether the following statements are "True or False "**

**(5)**

1) The better one's fitness the better one can work or do a laborious Job.

2) You must drink 3 to 4 litter of water daily.

3) Aerobics is an exercise form performed with breaks in-between.

4) Non- Passing of waste matter(stool) is an invitation to ill- health and disease.

5) Exercise does not help to reduce fatness.

**D) Answer the following in one sentence:**

**(5)**

1) Meaning of Good health?

2) How to do Dand-Baithaks help to develop your body?

3) Define flexibility?

4) Physical fitness is classified under two types name them?

5) Name the three indices or methods mainly used to determine the body composition of individuals.

**Q II.) Answer the following in short: (Any Four)**

**(12)**

- 1) Why do we see fights in fields?
- 2) What is the hallmark of a true Sportsman?
- 3) Give three examples of what sports teach an Individual.
- 4) Name two dreadful diseases caused due to smoking and chewing tobacco.
- 5) Write three instance wherein the throw is termed invalid in the shot-put events.

**Q3) Answer the following in short: ( Any Four)**

**(12)**

**Note :** The benefits gained from the following Asanas:

- 1) Vipareet Karani
- 2) Baddhapadmasana
- 3) Bhadrasana
- 4) Anulom-Vilom Pranayama,
- 5) Halasana.

**Q4) Answer the following questions in brief : (Any Three)**

**(12)**

- 1) Write three important benefit gained through practice of "Yoga".
- 2) What benefits are gained from Sports?
- 3) What is a Medical Emergency?
- 4) What is the first aid given for bone fractures?

**Q5) Answer the following given question in brief: (Any three)**

**(12)**

- 1) Pranayama
- 2) Sportsmanship.
- 3) Surya Namaskar.
- 4) Effects of bad environment.

**Q6) Calculate the Body Mass Index. (BMI) (Any Two)**

**(12)**

- 1) His weight - 67k.g - height -152c.m or 1.52metres.
- 2) Her weight - 93k.g - height -167c.m or 1.67metres.
- 3) His weight - 75k.g - height -150c.m or 1.50metres.
